#### **MINNESOTA CHILDREN'S MUSEUM**

Minnesota Children's Museum is a non-profit community organization committed to sparking children's learning through play. Infants through children age 10 discover their world through hands-on exhibits in five permanent galleries: *Our World* connects children to people and places in their community as they role play "grown-ups" in a child-size environment; *World Works* encourages creativity and problem-solving through investigation and experimentation; *Earth World* immerses children in life-like Minnesota habitats to nurture an understanding of the natural world; *Habitot*® enables infants and toddlers to safely explore four developmentally designed learning landscapes; and *Rooftop ArtPark* brings nature and art together in an outdoor gallery on the Museum's fourth-floor. Two special galleries offer exciting traveling exhibits from around the world. Fun and interactive programs like Story Time and Big Fun! occur throughout the day. Minnesota Children's Museum has been providing children and adults with a fun, educational environment for 25 years.
